

# THE ENERGY-SAVING BENEFITS ARE CLEAR

Upgrading to energy-efficient windows can help maintain your ideal home temperature, reduce street noise and cut energy costs. Plus, NW Natural and Energy Trust of Oregon can make it easier with cash back for replaced windows and other incentives. Details on back.

**NW Natural®**

# SAVE ON YOUR WINDOW REPLACEMENT

Enjoy year-round energy savings and increase energy efficiency. Get cash back with ENERGY STAR® certified windows that can reduce monthly heating and cooling expenses and condensation. NW Natural and Energy Trust of Oregon offer incentives to help you lower the cost of your new window installation.

To get started, visit [energytrust.org/windows](https://energytrust.org/windows).

Save up to \$1,600 on a new high-efficiency natural gas furnace. NW Natural and Energy Trust of Oregon offer cash incentives to qualifying customers in Oregon and SW Washington.
