Re: SUPPLEMENTAL FILING
UG 531 - REQUEST FOR 2026–2027 PURCHASED GAS ADJUSTMENT (PGA) AND COINCIDENT RATE ADJUSTMENTS

Northwest Natural Gas Company, dba NW Natural (NW Natural or Company), files herewith three new, fully executed renewable natural gas (RNG) offtake agreements as a supplement to its September 14, 2026, Exhibit D filing. At the time of the September 14, 2026 filing, the new RNG offtake agreements reflected in the Company's RNG Portfolio had not yet been fully executed. Accordingly, placeholders were included for the highly confidential attachments, noting the executed agreements would be provided to the Public Utility Commission of Oregon (Commission) upon execution and prior to the proposed rate effective date.

The RNG offtake agreements are highly confidential, subject to the Modified Protective Order in docket UM 1286, Order No. 10-337. Highly confidential information will be distributed consistent with Commission procedures for filing this type of information.

All other documents previously filed in Advice No. 26-05, Advice No. 26-05A, and Advice No. 26-05B remain unchanged.

In accordance with ORS 757.205, copies of this letter and the filing made herewith are available in the Company's main office in Oregon and on its website at www.nwnatural.com.

Please address correspondence on this matter to Michael Lewis at michael.lewis@nwnatural.com with copies to the following:
