If the business activity materially differs from the previous owner, a change in Rate Schedule or service type may be warranted and a new Service Election form may be required.

GENERAL RULES AND REGULATIONS

Rule 2. Service Application, Establishment and Re-establishment of Credit (continued).

ESTABLISHMENT OF CREDIT (continued)

If an Applicant has other active or inactive gas service accounts with the Company for the same class of service, then the account history of all such accounts may be considered in the establishment of credit for any new application. If the estimated monthly bill for service under any new Non-Residential Applicant is higher by 50% or more than the average monthly bill of the Applicant's other accounts for the same class of service, then a deposit may be required, irrespective of the credit standing on such Applicant's other gas service accounts.

In the event that there are multiple active accounts but no single account has been active for a consecutive 12-month period, then the requirement for 12-months of continuous service may be met by combining the non-duplicative active months across all accounts (i.e. account #1 was active January-May; Account #2 was active April through December). If the consecutive 12-month period cannot be met (i.e. the accounts were all activated less than 12 months and for the same calendar months), then a deposit may be required.

If the principals of a corporation, partnership or other Non-Residential enterprise are substantially the same as those of another corporation, partnership or Non-Residential enterprise that either is or has at one time received Natural Gas service from the Company, then they will be deemed to be the same corporation, partnership or Non-Residential enterprise for the purposes of establishing or re-establishing credit standing under this **Rule 2**.

In order to be considered substantially the same as those of another corporation, partnership or Non-Residential enterprise, seventy-five percent (75%) of the business ownership must be the same. Where there are only two principals, both principals must be the same in order to be considered substantially the same corporation, partnership, or Non-Residential enterprise.

For purposes of establishing credit, a builder, contractor, property developer, or property manager shall be considered a Non-Residential Applicant on any application made for gas service to real property for which they are responsible through their business activities, whether the property to which the application for service applies is classified as Residential or Non-Residential.

A Residential Customer that is required to pay a deposit, or that provides a surety agreement in lieu of a deposit, will be deemed to have established credit when they have maintained an active account with the Company for one Year, and during such Year: (a) Customer did not receive more than two final notices of disconnection (also known as a 5-day notice), and (b) Customer was not disconnected for non-payment, theft, diversion of service, or for tampering with utility facilities. If there are multiple active accounts for the same Customer, all such accounts must meet the above requirements.
