Re: Schedule 230: Temporary Adjustments to Rates for Low-Income Programs

Northwest Natural Gas Company, dba NW Natural (NW Natural or Company) files herewith the following revisions to its Tariff WN U-6, stated to become effective with service on and after November 1, 2025, as follows:

Seventeenth Revision of Sheet 230.1	Schedule 230	Temporary Adjustments to Rates for Low-Income Programs
Fifteenth Revision of Sheet 230.2	Schedule 230	Temporary Adjustments to Rates for Low-Income Programs (continued)

Purpose

The purpose of this filing is to revise Schedule 230 to reflect adjustments to rates for the effects of applying temporary rate adjustments to amortize balances in the deferred accounts for the collection of 2024 program year costs under Schedule J “Gas Residential Energy Assistance Tariff (GREAT) and Schedule I “Washington Low-Income Energy Efficiency (WA-LIEE) Programs.”

The proposed adjustments are requested to become effective November 1, 2025, coincident with the requested effective date of the Company’s Purchased Gas Adjustment (PGA) filing, separately submitted as NW Natural’s WUTC Advice No. 25-08 and the Company’s Environmental Cost Recovery Mechanism submitted as NW Natural’s WUTC Advice No. 25-02.

Proposed Changes

The proposed Schedule 230 adjustments are calculated on an equal-percentage-of margin basis, and are shown for each rate schedule on page 1 of the supporting materials to this filing. It should be noted that the proposed Schedule 230 adjustments represent only a portion of the deferred accounts that are proposed to be applied to customer rates effective November 1, 2025 (see NW Natural’s WUTC Advice Nos. 25-02, 25-04, 25-06, 25-07, 25-08). As such, the bill effects stated herein are provided for illustrative purposes only and reflect the effect of removing the current Schedule 230 adjustments and applying the proposed Schedule 230 adjustments to current billing rates.

If there were no other adjustments to rates effective November 1, 2025, the effect of Schedule 230 would be a slight decrease to average monthly bills in the primary rate schedules, residential and commercial Schedule 3, of just less than 0.1%. The average Schedule 2 residential customer using

56 therms would see a bill decrease of \$0.05¹ per month, and the average Schedule 3 commercial customer using 261 therms would see a bill decrease of \$0.22 per month. The bill impact for customers on the other residential and commercial rate schedules is shown on page 2 of the supporting materials to this filing. If the effects of the temporary rate adjustments were permanent, the rate changes would be a decrease in the Company's revenues from its Washington operations of \$79,010, or 0.07%.

In support of this filing, the Company provides worksheets showing the derivation of the proposed Schedule 230 adjustments to rates, and a worksheet showing deferral account balances as follows:

1. A 12-month amortization of collection balances in account 151822. The balance in 151822 relates to the Schedule J "Gas Residential Energy Assistance" Tariff (GREAT), which is the Company's low-income bill payment assistance program. Account 151824 is the remaining unamortized amount from this schedule from the prior year.
2. A 12-month amortization of collection balances in account 151890. The balance in 151890 relates to the Schedule I "Washington Low Income Energy Efficiency Tariff (WALIEE), which is the Company's low-income energy efficiency program. Account 151892 is the remaining unamortized amount from this schedule from the prior year.

In accordance with WAC 480-90-198 and WAC 480-90-194(5), the Company will provide notice to customers as stated in WAC 480-90-194(3). A copy of this notice is included with the Company's PGA filing, WUTC Advice No. 25-08.

The proposed rate change will affect all of NW Natural's Washington sales service customers. NW Natural currently serves approximately 91,114 residential customers and 7,461 commercial and industrial customers in the Company's Washington service territory.

Conclusion

The Company respectfully requests that the tariff sheets filed herewith be approved to become effective with service on and after November 1, 2025.

As required by WAC 480-80-103(4)(a), I certify that I have authority to issue tariff revisions on behalf of NW Natural.

Copies of this letter and the attached filing are available in the Company's main office in Portland, Oregon, and on its website at www.nwnatural.com.

[1] Rate Schedule 41 and 42 customers may choose demand charges at a volumetric rate or based on MDDV. For convenience of presentation, demand charges are not included in the calculations for those schedules.

[2] Proposed new CCA rates is equal to Current Billing Rate plus New CCA rates less current CCA rates. Assumes customer receives CCA credit.

[3] For Schedules where the average usage would generate a new credit, the non-volumetric credits have been capped at the CCA cost.
