Addendum No. 1– The following changes to the Request for Proposal and clarifications are provided based on questions received and must be considered when completing your submittal.

1. Page 8, Section 3.1, paragraph 2 shall read (italics reflect changes):

Please visit the [RNG page](#) on our website for RFP materials: Materials provided include:

- 2025 Request for Proposal
- 2025 RFP Response Template – Proposal
- 2025 RFP Response Template – Certification
- Exhibit A: Non-disclosure Agreement
- Exhibit B: Transaction Confirmation for a Fixed Quantity
- Exhibit C: Transaction Confirmation for a Variable Quantity
- Exhibit D: Renewable Natural Gas Attributes Purchase and Sale Agreement
- Exhibit E: Hydrogen Attributes Purchase and Sale Agreement
- *Exhibit F: Template Base Contract; Bundled Renewables*

2. Page 12, Section 3.4.4, paragraph 2 shall read (italics reflect changes):

NW Natural expects that the legal terms of a bundled RNG purchase transaction would be documented in a *NAESB Base Contract (Exhibit F)*, and that transaction-specific details, such as volume, price, delivery location, quality specifications, and regulatory requirements related to Environmental Attributes, would be set forth in a Transaction Confirmation (Exhibits B or C) entered into pursuant to the NAESB Base Contract. The terms of an unbundled purchase of RTCs would be set forth in an agreement (Exhibit D or E), containing legal terms that are standard for the purchase of RTCs or similar products, to be negotiated between the parties.

3. Website Update:

- Exhibit D: Renewable Natural Gas Attributes Purchase and Sale agreement was replaced
- Exhibit F: Template Base Contract; Bundled Renewables was added
